

## World's Fair Wrap Up

After reading about the World's Fair, look at the list of foods below and circle those that were introduced in St. Louis in 1904.

Apple Pie  
Coffee  
Ice Cream Cones  
Popsicles  
French Fries

Iced Tea  
Hamburgers  
Hot Dogs  
Soda pop

The St. Louis World's Fair was held many years ago.

How many years has it been since it was held?

Do you know anyone who is that old?

Electricity allowed a steak to be cooked in 6 minutes.

If a vendor could cook twelve steaks at a time, how many could be cooked in one hour?

The Missouri State Fair is held every August in Sedalia. On the map provided by your teacher, place an S to show where Sedalia is located. Place an SL on the map to show where St. Louis is located. Place a KC on the map to show where Kansas City is located. Draw a star where your town is located. Draw the Missouri River on your map in blue.

Many new food items were introduced at the World's Fair. In the rectangle on the map page, create an advertisement for one of the World's Fair food items that you have read about. Remember that the fair visitors have never seen your product before they arrived at the fair.

### For more information:

Here is a great web site about the World's Fair:
